Each area was compared with the tasks, skills and working conditions recorded for each career in O*NET 30.1 and ISCO-08.

STEP 3

The closest careers were grouped

The nine careers where the pattern repeated most were grouped into three related groups and reported as bands.

The five areas your results come from

Each area is reported on its own page, from page 18 onwards.

VALUES

Where the career information comes from

O*NET 30.1 · the tasks, skills, knowledge and work conditions recorded for each occupation. Your five areas are matched against these profiles.
ISCO-08 · the international occupation classification used to name the careers and group them into related fields.
Courses and admission routes · UAE degree and admission route data, compiled September 2026. Salary ranges are indicative and should be checked against current listings.

CONSISTENT RESPONSES

No unusual response pattern was detected.

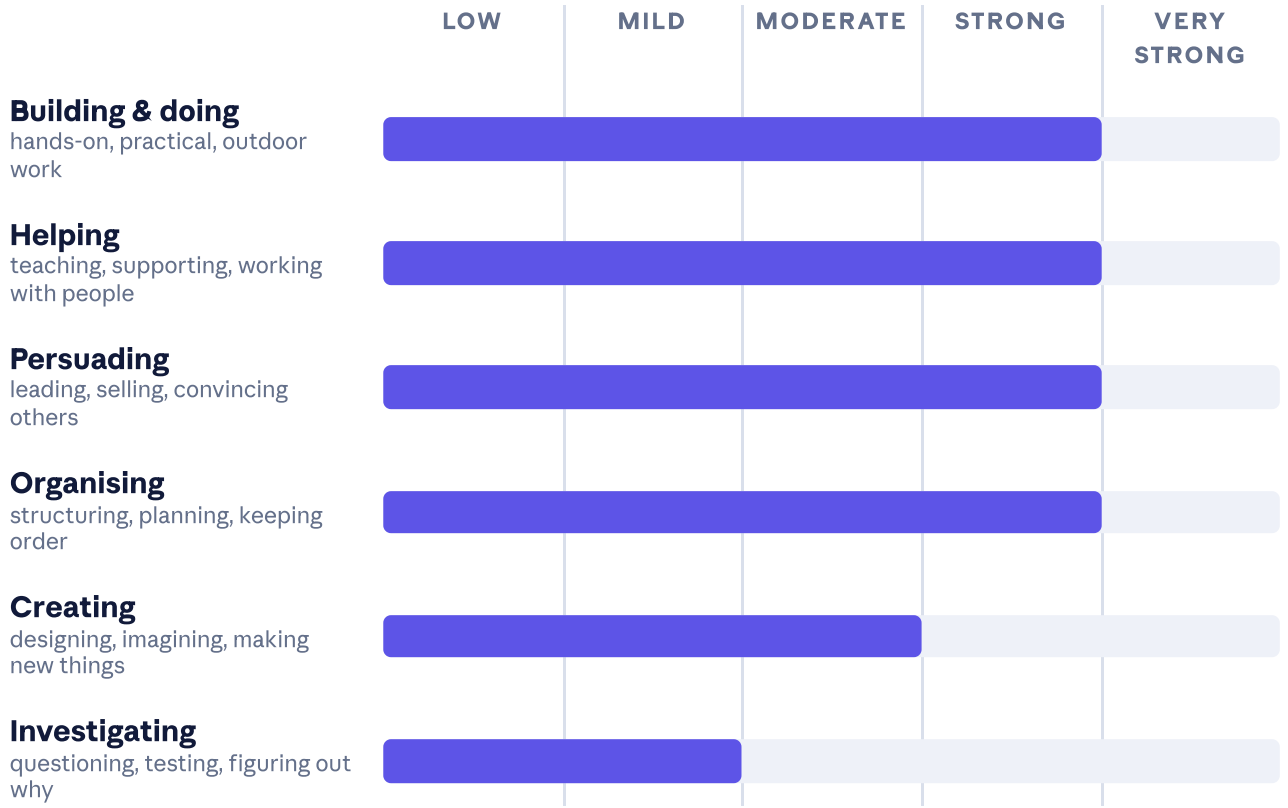

INTERPRETATION CONFIDENCE

Several areas of evidence point in similar directions.

Your interest profile

Your strongest interests are Building & doing and Helping.

You prefer work that involves building and fixing real things and helping people directly. This combination shaped which fields and careers appear in this report. Organising and Creating are moderate interests. Investigating is lower.

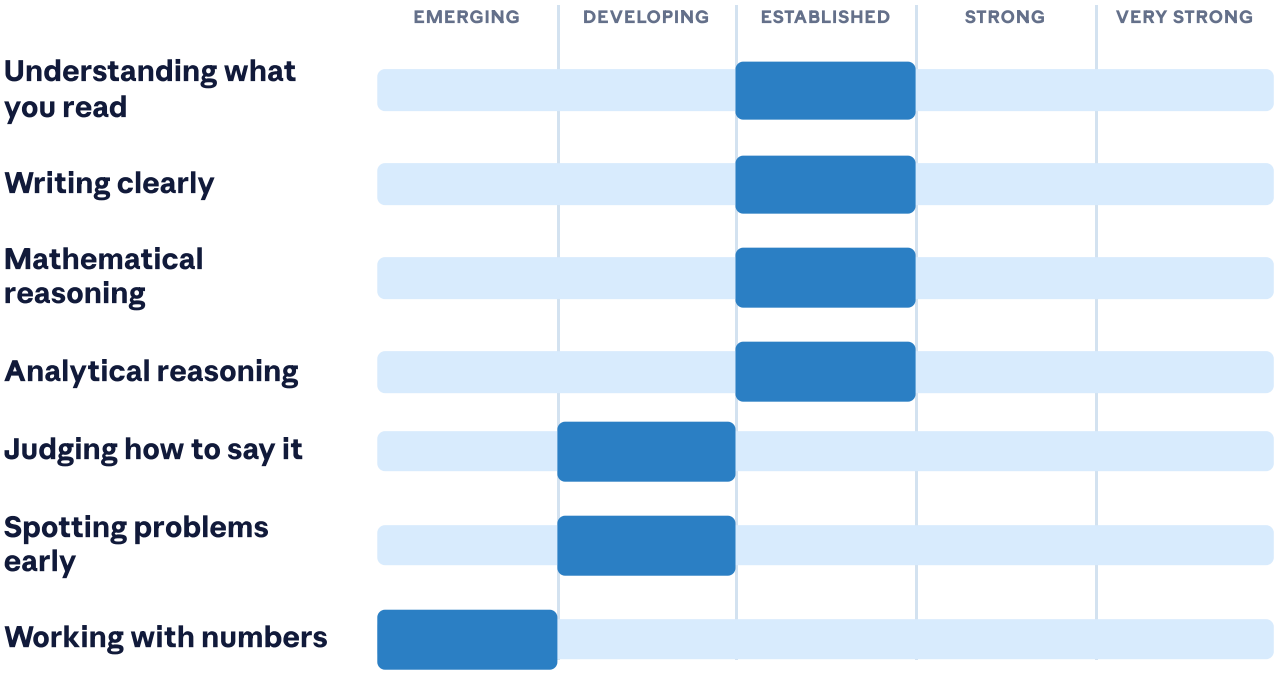

KEY TAKEAWAY

Interests can change over time. Review this profile again before your next qualification or application decision.

Your capabilities

Understanding what you read, writing clearly and mathematical reasoning are your three strongest areas.

You worked well with reading, writing and maths. These are current, task-specific strengths, not an intelligence label. Working with numbers and spotting problems early can improve with practice, teaching quality and familiarity.

Your behaviour

Your strongest work habits are staying steady under pressure and working with others.

You made effective choices in six of seven workplace situations. This shows that you usually respond thoughtfully and responsibly. You can keep developing taking charge, adapting when things change and finishing what you start.

Staying steady under pressure	Rarely · Sometimes · **Often**	You kept working effectively when the situation got demanding.
Working with others	Rarely · Sometimes · **Often**	You contribute reliably and keep a team moving together.

Adaptability	Rarely · **Sometimes** · Often	You adjusted your approach when the situation changed.
Leading others	Rarely · **Sometimes** · Often	Leading one small, low-stakes activity per term is the most reliable way to build this.

Behaviour can improve with practice.

What you want from work

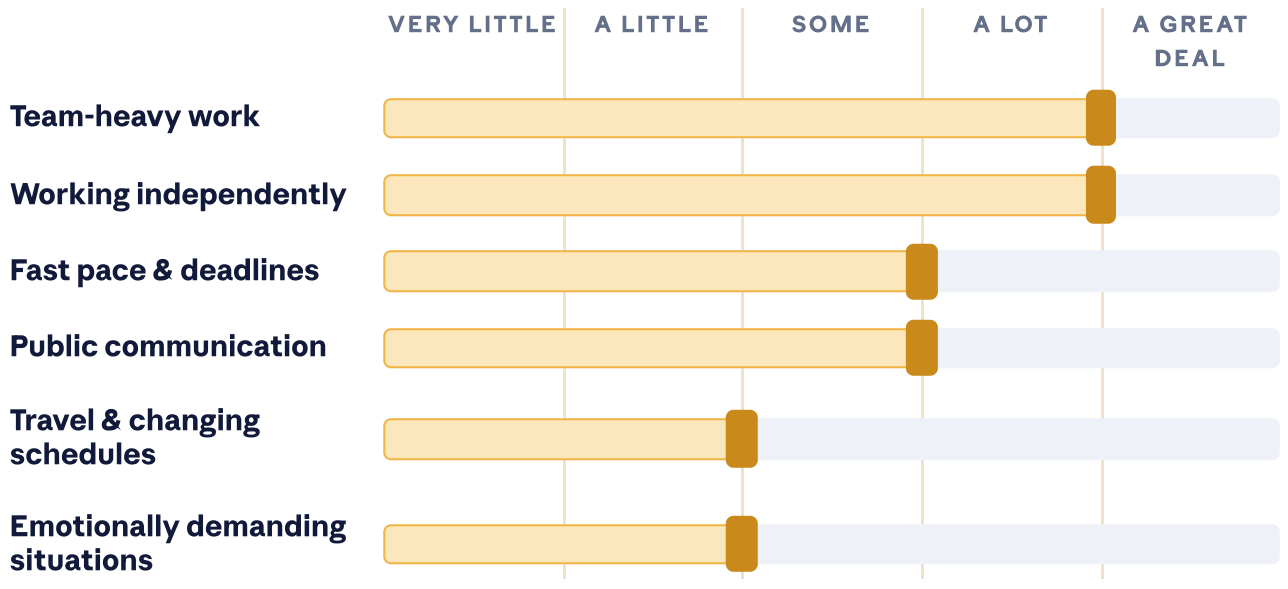

You value visible results and managers who back you.

Achievement is essential to you. Supportive management is essential to you.

Achievement	Moderate	Important	**Essential**	Seeing progress and mastering difficult work matters to you.

Independence	Moderate	**Important**	Essential	You prefer room to decide how your own work gets done.
Recognition · Good working conditions · Working relationships	Moderate	**Important**	Essential	These matter to you, but less than the ones above.

Your environment

You are comfortable working closely in teams and working independently. You prefer less emotionally demanding situations and less travel and changing schedules.

Next steps

Use this report to discuss your subject choices and career options.

Your strongest options are in Hospitality, Service, Travel & Experience Managem… and Marketing, Sales & Growth.

STEP 1

Explore two careers

Start with Restaurant Operations Associate and Key Account Associate. Review the work, courses and admission routes for each career.

STEP 2

Discuss the report

Read the report with your family and school counsellor. Discuss your interests, capabilities and any notes shown on the career pages.

STEP 3

Plan your next qualification

Deadlines matter this year — but a plan with a backup route is calmer and stronger than a plan built on one application. Verify every admission detail against the official source before acting. Review your interests and capabilities again before your next qualification or application decision.

How to use the results

Results are shown in bands because the assessment supports broad levels, not exact percentage matches. Careers with similar results are shown together instead of being given an artificial ranking.

For the counsellor: Fit and readiness are reported separately. Career descriptions use O*NET 30.1 and ISCO-08. Typical pay is shown as averages of reported salaries or published recruiter ranges, converted to a rounded monthly figure, from Indeed UAE, Charterhouse, PayScale UAE; where no direct match exists a closely related role is used. The statistic, sample size, source role and edition behind each figure are kept on record and are not an entry-level or later-career guarantee. Missing figures remain unavailable. Hiring sectors and progression stages are indicative guidance generated for this report. Check current listings and education or licensing requirements, and discuss the results with your counsellor.
