About this report

This report opens with your career options, then the evidence behind them.

CAREER FIT

Does the career suit you?

Fit shows how well a career matches your interests, values and preferred working conditions.

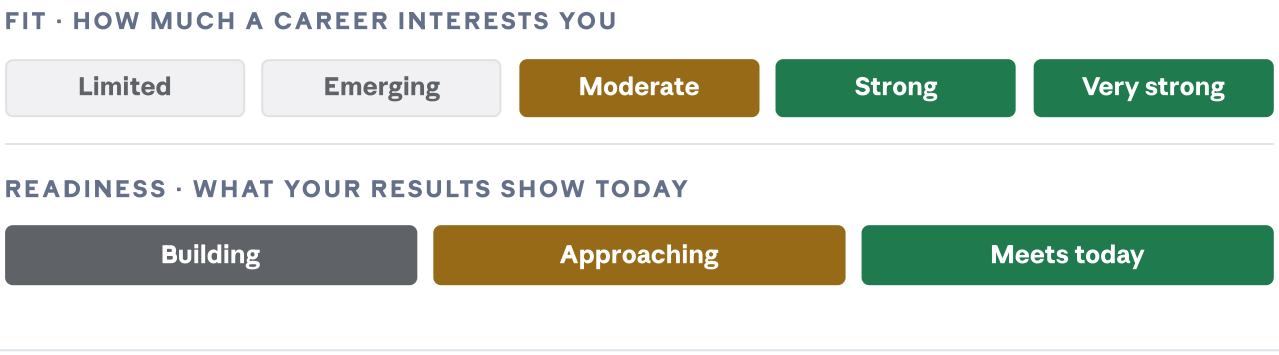

CURRENT READINESS

What do your results show?

Readiness shows how closely your capabilities and behaviour match the career today.

How results are shown

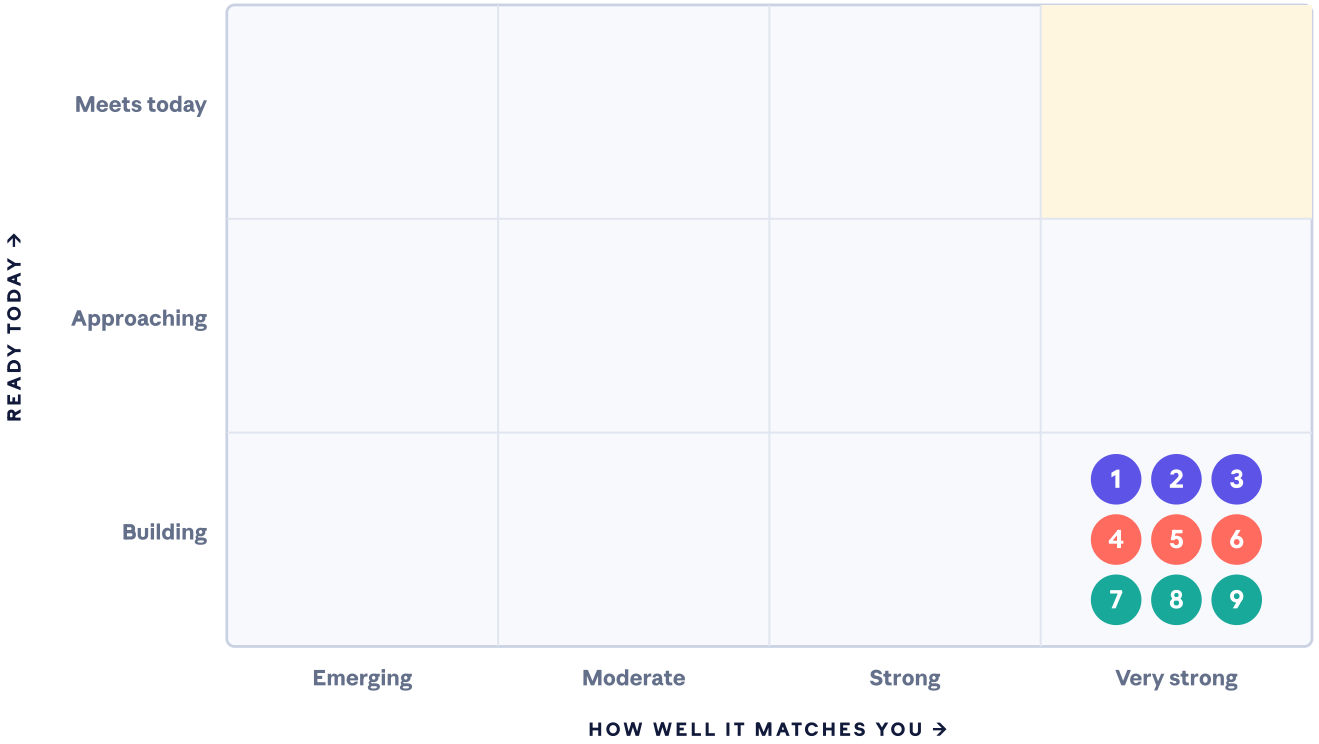

Results are shown in clear bands instead of percentage scores.

Fit and readiness are shown separately. Readiness reflects assessment evidence, not qualification or licence eligibility. Check the separate education and licensing requirements for each career.

Your nine careers

Across, how well each career matches you. Up, how ready your results show you are for it today. Colours identify the three career groups.

Healthcare, Life Sciences & Clinical Support pp. 5-8

- 1 Occupational Therapist p. 6
- 2 Physiotherapist p. 7
- 3 Registered Nurse p. 8

Education, Training & Learning Design pp. 9-12

- 4 High School Teacher p. 10
- 5 Arts Lecturer p. 11
- 6 Online Course Creator p. 12

Sports, Fitness & Coaching pp. 13-16

- 7 Fitness Coach p. 14
- 8 Sports Nutritionist p. 15
- 9 Sports Physiotherapist p. 16

Shaded cell: meets the assessment readiness criteria.

Matching: Fit uses your interests, values and working conditions. Readiness uses your capabilities and behaviour. The two results are shown separately. Page 17 explains how these careers were chosen, and pages 18 to 21 show the evidence behind them.

How these careers were chosen

Five areas were scored separately, then matched to what each career actually involves.

STEP 1

You answered the assessment

Your 108 responses were grouped into the five areas below. Each area is scored on its own.

STEP 2

Your pattern was matched to careers

Each area was compared with the tasks, skills and working conditions recorded for each career in O*NET 30.1 and ISCO-08.

STEP 3

The closest careers were grouped

The nine careers where the pattern repeated most were grouped into three related groups and reported as bands.

The five areas your results come from

Each area is reported on its own page, from page 18 onwards.

INTERESTS
What kinds of activities and problems tend to energise you?

CAPABILITIES
What kinds of thinking currently come more naturally, and what can grow?

BEHAVIOUR
How do you tend to organise, persist, collaborate and respond?

VALUES
What do you want work to give you or allow you to contribute?

WORKING CONDITIONS
In what pace, structure and social setting are you comfortable today?

Where the career information comes from

O*NET 30.1 · the tasks, skills, knowledge and work conditions recorded for each occupation. Your five areas are matched against these profiles.
ISCO-08 · the international occupation classification used to name the careers and group them into related fields.
Courses and admission routes · UAE degree and admission route data, compiled September 2026. Salary ranges are indicative and should be checked against current listings.

CONSISTENT RESPONSES

No unusual response pattern was detected.

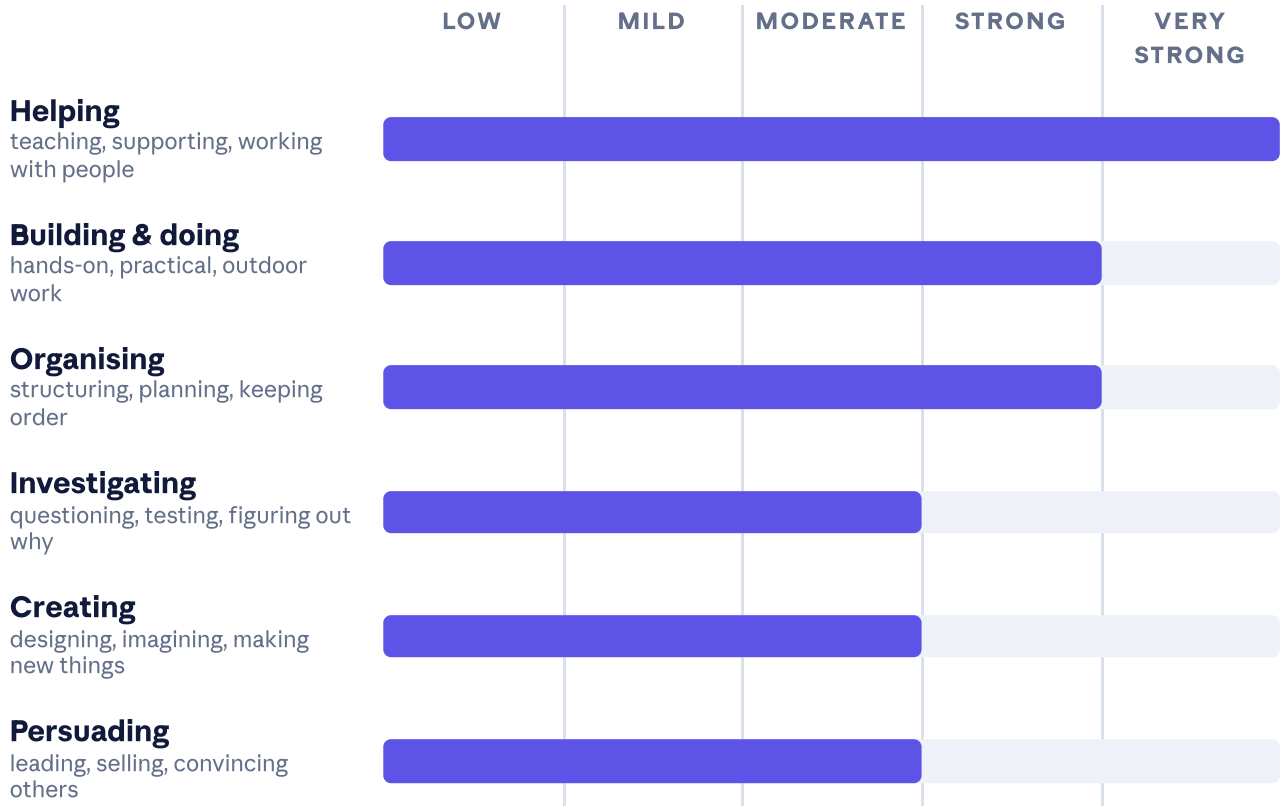

INTERPRETATION CONFIDENCE

Several areas of evidence point in similar directions.

Your interest profile

Your strongest interests are Helping and Building & doing.

You prefer work that involves helping people directly and building and fixing real things. This combination shaped which fields and careers appear in this report. Investigating, Creating and Persuading are moderate interests.

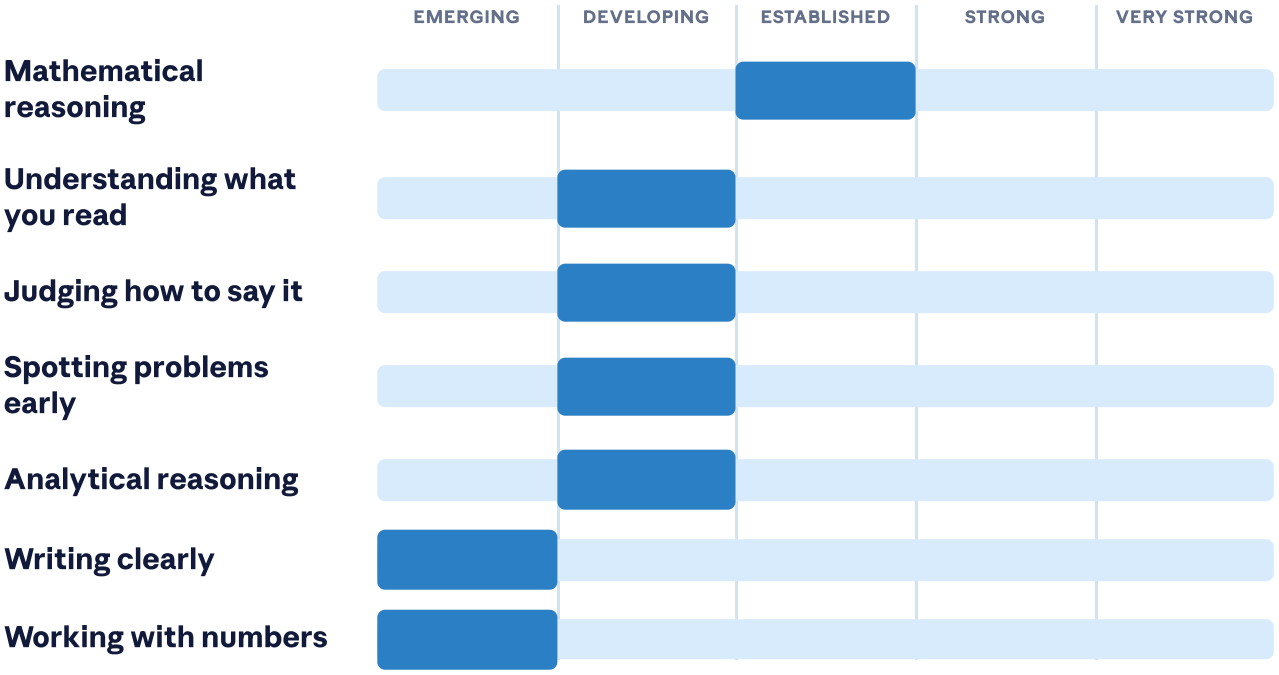

KEY TAKEAWAY

> Interests can change over time. Review this profile again in Grade 12.

Your capabilities

Mathematical reasoning, understanding what you read and judging how to say it are your three strongest areas.

You worked well with maths, reading and explaining ideas. These are current, task-specific strengths, not an intelligence label. Working with numbers and writing clearly can improve with practice, teaching quality and familiarity.

Your behaviour

Your strongest work habits are adaptability and leading others.

You made effective choices in six of seven workplace situations. This shows that you usually respond thoughtfully and responsibly. You can keep developing working with others, finishing what you start and checking your work.

Adaptability	Often	You adjusted your approach when the situation changed.
Leading others	Often	You showed willingness to take charge and organise a group when needed.
Initiative	Often	You tend to start useful work without waiting to be asked.
Staying steady under pressure	Often	You kept working effectively when the situation got demanding.
Attention to detail	Sometimes	You tend to check work carefully and notice mismatches others may miss.
Persistence	Sometimes	You are likely to stay with a structured problem when progress is visible.
Working with others	Rarely	Asking one clarifying question per group task builds smoother collaboration.

Behaviour can improve with practice.

What you want from work

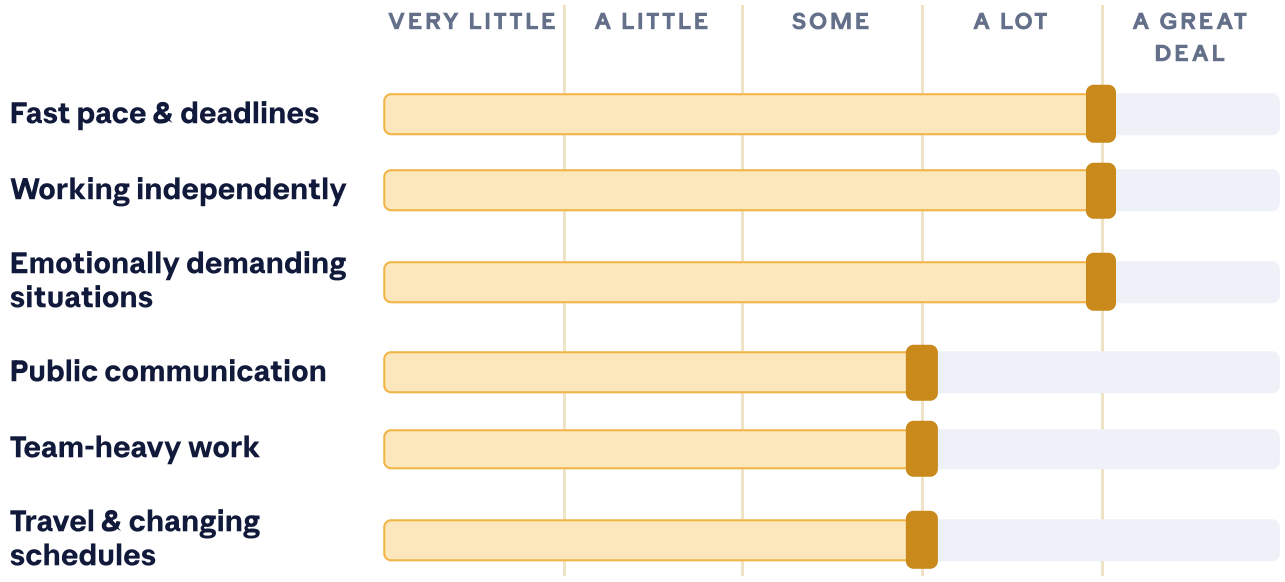

You value deciding how you work and good working relationships.

Independence is essential to you. Working relationships is essential to you.

Independence	Moderate · Important · **Essential**	You prefer room to decide how your own work gets done.
Working relationships	Moderate · Important · **Essential**	Friendly, respectful colleagues make work worthwhile for you.
Recognition	Moderate · **Important** · Essential	It helps when good work is noticed and can lead somewhere.
Good working conditions · Achievement · Supportive management	Moderate · **Important** · Essential	These matter to you, but less than the ones above.

Your environment

You are comfortable working at pace and working independently.

Next steps

Use this report to discuss your subject choices and career options.

Your strongest options are in Healthcare, Life Sciences & Clinical Support and Education, Training & Learning Design.

STEP 1

Explore two careers

Start with Occupational Therapist and Fitness Coach. Review the work, courses and admission routes for each career.

STEP 2

Discuss the report

Read the report with your family and school counsellor. Discuss your interests, capabilities and any notes shown on the career pages.

STEP 3

Plan for Grades 11 and 12

Never choose your subjects from this report alone — validate curriculum requirements, prerequisites, your grades, your preference and the alternative routes with a qualified counsellor. Review your interests and capabilities again in Grade 12.

How to use the results

Results are shown in bands because the assessment supports broad levels, not exact percentage matches. Careers with similar results are shown together instead of being given an artificial ranking.

For the counsellor: Fit and readiness are reported separately. Career descriptions use O*NET 30.1 and ISCO-08. Typical pay is shown as averages of reported salaries, converted to a rounded monthly figure, from PayScale UAE, Indeed UAE. The statistic, sample size, source role and edition behind each figure are kept on record and are not an entry-level or later-career guarantee. Missing figures remain unavailable. Hiring sectors and progression stages are indicative guidance generated for this report. Check current listings and education or licensing requirements, and discuss the results with your counsellor.
